Jacqueline Woodson and Rafael López's highly anticipated companion to their #1 New York Times bestseller *The Day You Begin* illuminates the power in each of us to face challenges with confidence. On a dreary, stuck-inside kind of day, a brother and sister heed their grandmother's advice: "Use those beautiful and brilliant minds of yours. Lift your arms, close your eyes, take a deep breath, and believe in a thing. Somebody somewhere at some point was just as bored you are now." And before they know it, their imaginations lift them up and out of their boredom. Then, on a day full of quarrels, it's time for a trip outside their minds again, and they are able to leave their anger behind. This precious skill, their grandmother tells them, harkens back to the days long before they were born, when their ancestors showed the world the strength and resilience of their beautiful and brilliant minds. Jacqueline Woodson's lyrical text and Rafael Lopez's dazzling art celebrate the extraordinary ability to lift ourselves up and imagine a better world.

A New York Times correspondent shares his financial successes and mishaps, offering an everyman's guide to straightening out your money once and for all. Money management is one of our most practical survival skills—and also one we've convinced ourselves we're either born with or not. In reality, financial planning can be learned, like anything else. Part financial memoir and part research-based guide to attaining lifelong security, *This Is the Year I Put My Financial Life in Order* is the book that everyone who has never wanted to read a preachy financial guide has been waiting for. John Schwartz and his wife, Jeanne, are pre-retirement workers of an economic class well above the poverty line, but well below the one percent. Sharing his own alternately harrowing and hilarious stories—from his brush with financial ruin and bankruptcy in his thirties to his short-lived budgeted diet of cafeteria french fries and gravy—John will walk you through his own journey to financial literacy, which he admittedly started a bit late. He covers everything from investments to retirement and insurance to wills (at fifty-eight, he didn't have one!), medical directives and more. Whether you're a college grad wanting to start out on the right foot or you're approaching retirement age and still wondering what a 401(K) is, *This Is the Year I Put My Financial Life in Order* will help you become your own best financial adviser.

Booksmart meets *The Perks of Being a Wallflower* in this novel of overachieving, existential crises, growing up, and coming out, from the author of *Girl Crushed* and *Never Have I Ever*. life. She always thought she'd find it in a perfect score on the SATs. But by junior year, Mary isn't so sure anymore. The first time, it's an accident. She forgets to do a history assignment. She even crosses "history essay" off in her pristine planner. And then: Nothing happens. She doesn't burst into flames, the world doesn't end, the teacher doesn't even pull her aside after class. So she asks herself: Why am I trying so hard? What if I stop? With her signature wit and heaps of dark humor, Katie Heaney delivers a stunning YA novel the sprints full-force into the big questions our teen years beg--and adeptly unravels their web.

The creator of "Grey's Anatomy" and "Scandal" details the one-year experiment with saying "yes" that transformed her life, revealing how accepting unexpected invitations she would have otherwise declined enabled powerful benefits.

In his new book, Stephen Levine, author of the perennial best-seller *Who Dies?*, teaches us how to live each moment, each hour, each day mindfully--as if it were all that was left. On his deathbed, Socrates exhorted his followers to practice dying as the highest form of wisdom. Levine decided to live this way himself for a whole year, and now he shares with us how such immediacy radically changes our view of the world and forces us to examine our priorities. Most of us go to extraordinary lengths to ignore, laugh off, or deny the fact that we are going to die, but preparing for death is one of the most rational and rewarding acts of a lifetime. It is an exercise that gives us the opportunity to deal with unfinished business and enter into a new and vibrant relationship with life. Levine provides us with a year-long program of intensely practical strategies and powerful guided meditations to help with this work, so that whenever the ultimate moment does arrive for each of us, we will not feel that it has come too soon.

In this dramatic adaptation of her award-winning, bestselling memoir, Joan Didion transforms the story of the sudden and unexpected loss of her husband and their only daughter into a stunning and powerful one-woman play. "This happened on December 30, 2003. That may seem a while ago but it won't when it happens to you . . ." Michiko Kakutani in *The New York Times* called the memoir that was the basis for the play, "an indelible portrait of loss and grief . . . a haunting portrait of a four-decade-long marriage." The first theatrical production of *The Year of Magical Thinking* opened at the Booth Theatre on March 29, 2007, starring Vanessa Redgrave and directed by David Hare.

A young woman living in a rigid, puritanical society discovers dark powers within herself in this stunning, feminist fantasy debut. In the lands of Bethel, where the Prophet's word is law, Immanuelle Moore's very existence is blasphemy. Her mother's union with an outsider of a different race cast her once-proud family into disgrace, so Immanuelle does her best to worship the Father, follow Holy Protocol, and lead a life of submission, devotion, and absolute conformity, like all the other women in the settlement. But a mishap lures her into the forbidden Darkwood surrounding Bethel, where the first prophet once chased and killed four powerful witches. Their spirits are still lurking there, and they bestow a gift on Immanuelle: the journal of her dead mother, who Immanuelle is shocked to learn once sought sanctuary in the wood. Fascinated by the secrets in the diary, Immanuelle finds herself struggling to understand how her mother could have consorted with the witches. But when she begins to learn grim truths about the Church and its history, she realizes the true threat to Bethel is its own darkness. And she starts to understand that if Bethel is to change, it must begin with her.

New in paperback: Millennial blogger recounts her yearlong shopping ban in a memoir that inspires readers to radically simplify their own lives and redefine what it means to have, and be, "enough." In her late twenties, Cait Flanders found herself stuck in the consumerism cycle that grips so many of us: earn more, buy more, want more, rinse, repeat. Even after she worked her way out of nearly \$30,000 of consumer debt, her old habits took hold again. When she realized that nothing she was doing or buying was making her happy--only keeping her from meeting her goals--she decided to set herself a challenge:

she would not shop for an entire year. Now available for the first time in paperback, *The Year of Less* documents Cait's life for twelve months during which she bought only consumables: groceries, toiletries, gas for her car. Along the way, she challenged herself to consume less of many other things besides shopping. She decluttered her apartment and got rid of 70 percent of her belongings; learned how to fix things rather than throw them away; researched the zero waste movement; and completed a television ban. At every stage, she learned that the less she consumed, the more fulfilled she felt. The challenge became a lifeline when, in the course of the year, Cait found herself in situations that turned her life upside down. In the face of hardship, she realized why she had always turned to shopping, alcohol, and food--and what it had cost her. Unable to reach for any of her usual vices, she changed habits she'd spent years perfecting and discovered what truly mattered to her. Blending Cait's compelling story with inspiring insight and practical guidance, *The Year of Less* will leave you questioning what you're holding on to in your own life--and, quite possibly, lead you to find your own path of less.
