What Footprint Will You Leave Behind? According to Crawford Loritts, a legacy is formed through daily living. At every funeral there is a eulogy where the deceased's life is summarized and the high points are capped. Yet, a person's life is not determined by its end, rather it is developed from the beginning. Crawford Loritts, Jr. shows how a life surrounded by the life of Christ makes a difference. As Christians integrate what they know about Christ into their lives they find victory over sin, and find joy and encouragement.

One of Literary Hub's most anticipated books of 2021 Award-winning master critic Robert Gottlieb takes a singular and multifaceted look at the life of silver screen legend Greta Garbo, and the culture that worshiped her. "Wherever you look in the period between 1925 and 1941," Robert Gottlieb writes in *Garbo*, "Greta Garbo is in people's minds, hearts, and dreams." Strikingly glamorous and famously inscrutable, she managed, in sixteen short years, to infiltrate the world's subconscious; the end of her film career, when she was thirty-six, only made her more irresistible. Garbo appeared in just twenty-four Hollywood movies, yet her impact on the world—and that indescribable, transcendent presence she possessed—was rivaled only by Marilyn Monroe's. She was looked on as a unique phenomenon, a sphinx, a myth, the most beautiful woman in the world, but in reality she was a Swedish peasant girl, uneducated, naïve, and always on her guard. When she arrived in Hollywood, aged nineteen, she spoke barely a word of English and was completely unprepared for the ferocious publicity that quickly adhered to her as, almost overnight, she became the world's most famous actress. In *Garbo*, the acclaimed critic and editor Robert Gottlieb offers a vivid and thorough retelling of her life, beginning in the slums of Stockholm and proceeding through her years of struggling to elude the attention of the world—her desperate, futile striving to be "left alone." He takes us through the films themselves, from M-G-M's early presentation of her as a "vamp"—her overwhelming beauty drawing men to their doom, a formula she loathed—to the artistic heights of *Camille* and *Ninotchka* ("Garbo Laughs!"), by way of *Anna Christie* ("Garbo Talks!"), *Mata Hari*, and *Grand Hotel*. He examines her passive withdrawal from the movies, and the endless attempts to draw her back. And he sketches the life she led as a very wealthy woman in New York—"a hermit about town"—and the life she led in Europe among the Rothschilds and men like Onassis and Churchill. Her relationships with her famous co-star John Gilbert, with Cecil Beaton, with Leopold Stokowski, with Erich Maria Remarque, with George Schlee—were they consummated? Was she bisexual? Was she sexual at all? The whole world wanted to know—and still wants to know. In addition to offering his rich account of her life, Gottlieb, in what he calls "A Garbo Reader," brings together a remarkable assembly of glimpses of Garbo from other people's memoirs and interviews, ranging from Ingmar Bergman and Tallulah Bankhead to Roland Barthes; from literature (she turns up everywhere—in Hemingway's *For Whom the Bell Tolls*, in Evelyn Waugh, Graham Greene, and the letters of Marianne Moore and Alice B. Toklas); from countless songs and cartoons and articles of merchandise. Most extraordinary of all are the pictures—250 or so ravishing movie stills, formal portraits, and revealing snapshots—all reproduced here in superb duotone. She had no personal vanity, no interest in clothes and make-up, yet the story of Garbo is essentially the story of a face and the camera. Forty years after her career ended, she was still being tormented by unrelenting paparazzi wherever she went. Includes Black-and-White Photographs

A guide to using NLP in business and life coaching from NLP expert Joseph O'Connor.

Fleeing the compromises of the 4th century church, the Desert Fathers founded monasticism. In reaction to a Christianity they scarcely recognized, these radicals fled to the Egyptian desert to model a different, radical style of discipleship, filled with sacrifice and continual prayer. Who are the new monks, the new punks, the new revolutionaries? The answer lies in an upsurge of 24-7 monastic communities around the world. *Punk Monk* combines a narrative journey through the beginnings of 24-7 Prayer Boiler Rooms with a discussion on the roots of monasticism, particularly its ethos and values, and how it can be applied in the third millennium. Drawing influences from the Franciscans, the Celts and the Moravians, the book highlights the counter-cultural and revolutionary force of monasticism and asks whether it is time for a new monastic movement. It also takes punk as a contemporary expression of monastic spirit and asks whether a "silent revolution" is coming.
