If Steve Earle weren't a living, breathing person, he'd be a character in a blues song -- a raucous ballad about a gifted rebel who drank too much, lost most of his women in a blizzard of crack and cocaine addiction, and always came out on the wrong side of the law. Somewhere in the midst of all this, he also managed to weld rock to country, the Beatles to Springsteen, and bluegrass to punk, establishing himself among the most thoroughly original and politically astute musicians of his generation. Granted unrestricted access to Steve and his family and friends, Lauren St John has given us a sometimes shocking, often moving, and completely unvarnished biography of one of America's most talismanic sons.

The popular Canadian performer recounts his

childhood, discusses his father, who was a renowned portrait photographer, and describes the influences and values that have shaped his career

As Bing Crosby once put it, Tiny Tim represents 'one of the most phenomenal success stories in show business'. In 1968, after years of playing dive bars and lesbian cabarets on the Greenwich Village scene, rubbing shoulders with the likes of Bob Dylan and Lenny Bruce, the forty-something falsetto-voiced, ukulele-playing Tiny Tim landed a recording contract with Sinatra's Reprise label and an appearance on NBC's Laugh-In. The resulting album, *God Bless Tiny Tim*, and its single, 'Tip-toe Thru' The Tulips With Me', catapulted him to the highest levels of fame. Soon, Tiny was playing to huge audiences in the USA and Europe, while his marriage to the seventeen-year-old 'Miss' Vicki was broadcast on *The Tonight Show* in front of an audience of fifty million. Before long, however, his star began to fade. Miss Vicki left him, his earnings evaporated, and the mainstream turned its back on him. He would spend the rest of his life trying to revive his career, with many of those attempts taking a turn toward the absurd. But while he is often characterized as an oddball curio, Tiny Tim was a master interpreter and student of early American popular song, and his story is one of Shakespearean tragedy framed around a bizarre yet loveable public persona. Here, drawing on dozens of new interviews, never-before-seen diaries, and years of original research, author Justin Martell brings that story to life with the first serious biography of one of the most fascinating yet misunderstood figures in popular music.

This troubadour life is only for the fiercest hearts, only for those vessels that can be broken to smithereens and still keep beating out the rhythm for a new song. Last Chance Texaco is the first ever no-holds-barred account of the life of two-time Grammy Award-winner Rickie Lee Jones in her own words. It is a tale of desperate chances and impossible triumphs, an adventure story of a girl who beat the odds and grew up to become one of the most legendary artists of her time, turning adversity and hopelessness into timeless music. With candor and lyricism, the “Duchess of Coolsville” (Time) takes us on a singular journey through her nomadic childhood, to her years as a teenage runaway, through her legendary love affair with Tom Waits and ultimately her longevity as the hardest working woman in rock and roll. Rickie Lee’s stories are rich with the infamous characters of her early songs – “Chuck-E’s in Love,” “Weasel and the White Boys Cool,” “Danny’s All-Star Joint,” and “Easy Money” — but long before her notoriety in show business, there was a vaudevillian cast of hitchhikers, bank robbers, jail breaks, drug mules, a pimp with a heart of gold and tales of her fabled ancestors. In this tender and intimate memoir by one of the most remarkable, trailblazing, and tenacious women in music are never-before-told stories of the girl in the raspberry beret, a singer-songwriter whose music defied categorization and inspired American pop culture for decades.

"Along the way we see the growth of Earle's political consciousness and his courage in tackling thorny topics

such as "American Taliban" John Walker Lindh (in the song "John Walker's Blues"), his opposition to the death penalty, and his recent appearance in support of Iraq war protester Cindy Sheehan. Author David McGee also examines the early '70s east Texas singer-songwriter scene - where Earle met his future mentors Guy Clark and Townes Van Zandt - and the rise of the New Traditionalist and Americana movements."

Authorised biography of the Scottish cult folk hero behind the chart hit 'Year of the Cat', who enjoyed Top Ten success in the US. With extended interviews not only with Stewart but with a number of other 60s folk stars, this is a vivid insider's account of the pivotal coffee house scene that built the careers of Paul Simon - with whom Al shared a flat in 1965 - and many others, as well as a wry memoir of a 60s folk star's trials and tribulations through subsequent decades.

With his trademark mandolin style and unequaled tenor harmonies, Curly Seckler has carved out a seventy-seven-year career in bluegrass and country music. His foundational work in Flatt and Scruggs's Foggy Mountain Boys secured him a place in bluegrass history, while his role in The Nashville Grass made him an essential part of the music's triumphant 1970s revival. Written in close collaboration with Mr. Seckler and those who know him, Foggy Mountain Troubadour is the first full-length biography of an American original. Penny Parsons follows a journey from North Carolina schoolhouses to the Grand Ole Opry stage and the Bluegrass Hall of Fame, from boarding houses to

radio studios and traveling five to a car on two-lane roads to make the next show. Throughout, she captures the warm humor, hard choices, and vivid details of a brilliant artist's life as he crisscrosses a nation and a century making music.

Psychologist Peter Icarus, who privately suffers from a life of unrelenting angst and un-fulfillment, is invited to visit a planet 200 years in the future. This epic quest-adventure envisions a society whose principle purpose is the encouragement of our best human performance. Troubadour is a story of enlightenment, not only for the Earthmen, but also for his hosts, the Troubadourians.
