The UEFA C Licence is a crucial step for coaches aspiring to enter the UEFA B Licence, although the Scottish FA will also honour their own Scottish FA C Licence until the end of 2023. Head of Coach Education and Development Greig Paterson: "We are absolutely delighted to offer this course to our coaching workforce.

Scottish FA set to welcome coaches to UEFA C Licence ...

In October 2006, a second FAW UEFA Club Licensing Manual was accredited after UEFA decided that the system needed to be improved and the Criteria made even more stringent. The FAW manual is more than a 150-page document and consequently, it would be both impossible and uninspiring for me to articulate in this editorial, every criterion within the manual, but I will endeavour to highlight those ...

This book is more than just a common session guide or book of drills. It expands on why you choose a drill, how you will use it and what you will coach. This book is coach education. Use all the other drill books and session plans you want but without reading this book you will not know what you are trying to coach, why, and how. It will question your thoughts and help you learn and develop as a coach. If you are a parent taking up the reigns of a new team or a Level 1 coach this book is for you. As you read through you will understand more about what coaching your players really is and means. It is the first book you should read and the one book you should keep by your side. It is written to help you and all grassroots coaches to coach. Richard Seedhouse is an FA tutor holding the UEFA B (Level3) Coaching

Licence and the Level 2 goalkeeping Coaching Certificate. He is an FA Centre of Excellence coach with Coventry City Ladies and has coached the youth team at Nuneaton Borough FC. Richard maintains his grassroots links as the Football Development Officer at Coundon Court FC, recent winners of the FA Charter Standard Development Club of the Year award for the Midlands Region. Testimonies "The prompting of questions and challenging the coach to design progressions and sessions will fit in with current work around coach development and education" Andy Poole, UEFA A Licence coach and the FA Regional Coach Development Manager, talking about how the book can help Trevor Brooking and the FA's new initiative on coach development. "Whenever we take on any new Level 1 coach at our sports centre I will make sure they know about this book and recommend they read it" Terry Harvey, UEFA B coach and Sports Centre Manager. "I have read many coaching manuals which show how to set up, organise and the key points to look for. However, this book shows what the coach can do to improve or improvise the sessions. Excellent for coaches just starting out on their coaching career" David Busst, UEFA A Licence coach, Coventry City FC Football Coaching in the Community Manager. "Easy to read and with a logical approach this book will give the coach the confidence to get involved with their players and actually begin to coach them" Michelle Hickmott, Level 2 Coach and England Ladies International at U21 and U23 and Birmingham City Ladies FC in the Premier League. "I read this book just before my level 2 course and found it a great help as it actually talked about coaching the player's the same specific points as coached on the course" Ty Power, Level 1 coach currently taking the level 2 coaching certificate.

"In September 2004 IFI [International Football Institute] held its first international academic conference, entitled 'European Football: Influence, Change and Development' ... This volume brings together many of the papers presented at the conference."--Preliminary page

The environmental PE exam is growing in popularity, as more engineers seek licensing in this discipline. This eight-hour, open-book exam, offered every April and October, consists of 80 multiple-choice problems. Our Environmental Engineering Reference Manual is the core text examinees need to prepare for and use during the exam. It reviews the current exam topics clearly and concisely and is replete with examples and practice problems reinforcing important concepts. This Reference Manual gives examinees comprehensive understanding of the subjects tested on the exam and helps them learn to work exam-like problems. The book includes more than 350 practice problems, hundreds of solved example problems, test-taking strategy, and a detailed index. Among the topics covered: Mathematics Flow of fluids Water & wastewater treatment Activated sludge Ventilation Fuels & combustion Air quality Solid & hazardous waste Environmental health, safety & welfare Systems & management

This document provides guidance to local authorities, ground managers and technical advisers in assessing safe spectator capacities. Superseded by 1997 ed. (ISBN 0113000952) but still available from TSO's on-demand publishing service

The new Eighth Edition of the Music Business Handbook and Career Guide maintains the tradition of this classic text as the most comprehensive, up-to-date guide to the \$100 billion music industry. This new Eighth Edition expands on hot-button music business issues such as digital downloads, piracy, and record company transformations. Thoroughly revised, the Eighth Edition shares a particular emphasis on online music and its impact on the rest of the industry. The Eighth Edition also includes complete coverage of all aspects of the music industry, including songwriting, publishing, licensing, artist management, promotion, retailing, media, and much more.

The Civil Engineering Reference Manual fully prepares applicants for the civil PE exam--by far the most popular of the PE disciplines. Every exam subject is thoroughly covered, with illustrations and practice problems. Extensively indexed and carefully researched, this book serves as a comprehensive manual for daily reference.

Professor Yarbrough has designed this handbook to give electrical PE applicants the best exam review possible. Using tables, figures, and problem-saving techniques, this manual thoroughly covers every exam subject, including operational amplifier circuits and systems of units. It contains more than 400 practice problems.
