Alfred's Essentials of Jazz Theory is designed for jazz enthusiasts and musicians who want to have a better understanding of the language of jazz. To successfully navigate this all-in-one jazz theory course, you should be versed in basic music theory concepts, such as those taught in Books 1 and 2 of Alfred's Essentials of Music Theory. With this book, you will learn the essentials of jazz music through concise lessons; practice your jazz music reading and writing skills in the exercises; improve your listening and ear training skills with the CDs; and test your knowledge with a review that completes each unit. You are encouraged to lan and/or sing the musical examples throughout, at first along with the enclosed recording, and then on your own.

Reading and writing activities for practicing those skills.

The CEFR Companion volume broadens the scope of language education. It reflects academic and societal developments since the publication of the Common European Framework of Reference for Languages (CEFR) and updates the 2001 version. It owes much to the contributions of members of the language teaching profession across Europe and beyond. This volume contains: ? an explanation of the key aspects of the CEFR for teaching and learning; ? a complete set of updated CEFR descriptors that replaces the 2001 set with: - modality-inclusive and gender-neutral descriptors; - added detail on listening and reading; - a new Pre-A1 level, plus enriched description at A1 and C levels; - a replacement scale for phonological competence; - new scales for mediation, online interaction and plurilingual/pluricultural competence; - new scales for sign language competence; ? a short report on the four-year development, validation and consultation processes. The CEFR Companion volume represents another step in a process of engagement with language education that has been pursued by the Council of Europe since 1971 and which seeks to: ?

promote and support the learning and teaching of modern languages; ? enhance intercultural dialogue, and thus mutual understanding, social cohesion and democracy; ? protect linguistic and cultural diversity in Europe; and ? promote the right to quality education for all.

With the recent content update of 2021, It is more important that the PMP aspirant's mindset needs to be more agile and focused on the project life cycle with an understanding of broader concepts. The book is updated to ensure that it is aligned with the latest update of the PMP exam content outline for 2021. The new exam is 180 questions with two breaks of 10 mins each. That would mean that the exam is divided into three sections having 60 questions each. Each section is independent and has to be attempted as full. Once a section is closed, you can not come back to it to review.. The result of the exam is displayed only after the third section, i.e., section C. The questions are changed to multi-answer, drag, and drop, and TRUE/FALSE. All those changes are reflected in the new book. You have the best resource for the PMP examination preparation. Go ahead and start the 21 Days plan. The 21 days plan is given for the preparation - kindly follow to get the best outcome. This book is written with the assumption that you have gone through the 35 PDU course. The book is primarily written to revise the topics and evaluate your knowledge and build the missing pieces if any. The book does not have 3 full-length questions, and you can check lms.kavitasharma.net to get the full-length questions (buy them) or use any other question bank. The idea is to practice as many questions as possible to simulate the PMP exam before the final exam. With this, I wish you success. You have an excellent resource with you, follow the plan, and you will be successful. All the best. Kavita Sharma - Significant Contributor PMBOK

This pack consists of the Student's Book with answers with CD-ROM and Class Audio CDs. The Student's Book fully prepares students to tackle each part of every exam paper. Unique grammar and vocabulary exercises train students to avoid common mistakes. The interactive CD-ROM provides comprehensive extra practice of the language and topics covered in the book and supports mixed ability focusing on students' own particular areas of difficulty. The Class Audio CDs contain the recordings for the listening exercises in the Student's Book. A full practice test is available online for teachers to access.

Over 55% of your day is spent listening; yet only 2% of us have been trained in how to listen. What is poor listening costing you? Do you rush from meeting to meeting, your head buried in the last conversation you had, without time to think of the next? Or feel frustrated with unproductive discussions where the loudest in the room adds limited insight and drowns out everyone else? We usually think of these situations as communication problems; that we have not spoken our needs correctly or clearly. Yet, conflict, chaos and confusion are the costs of not listening. Many communication and listening books say the most important person in a conversation is the speaker - not true! This pocket-sized guide will help you to reconnect with your innate gift of deep listening, to create the right space to listen to yourself before you listen to others. You'll learn to listen beyond the words that are spoken, to add context and meaning and listen in to what's not being said. Deep Listening will help you move from confusion and conflict to thoughtful, insightful and powerful discussions that will transform not just your work, but your whole life.
