The Last Hero is the seventh book in the Rincewind subseries. It ' s actually an illustrated novel, the first one I ' ve read. It was only available as an illustrated version (unlike Eric which I read in a non-illustrated format), and I do think some of the illustrations were important to the story.

The Last Hero is a short fantasy novel by British writer Terry Pratchett, the twenty-seventh book in his Discworld series. It was published in 2001 in a larger format than the other Discworld novels and illustrated on every page by Paul Kidby.

The Last Hero - Wikipedia

The Last Hero: Book 2 of The Last War Series eBook: Bostrom, Peter, Webb, Nick, Adams, David: Amazon.co.uk: Kindle Store

Geek. Wuss. Superhero...They were supposed to be the perfect creation: super-powered humans with extraordinary abilities, designed to keep the planet safe in dangerous times. Heroes.But too many of those creations went rogue. The Heroes were branded ULTRAs by the government, hunted down. Civil wars erupted. In the end, the ULTRAs were wiped from existence, consigned to the history books.Until now...Kyle Peters is a teenager going nowhere. He's a geek, he's awful at sports, and he doesn't have the courage to tell the girl of his dreams how he feels. His life is at a standstill, and it doesn't look like changing any time soon.But when Kyle is caught up in a terrifying hostage situation at a soccer stadium, he discovers he is capable of amazing things: he has the abilities of an ULTRA.Now, with a rival ULTRA devastating the planet, and the government keen to wipe all ULTRAs from existence once more, Kyle must battle his own fears and master his powers if he is to become what the world needs more than anything: a true Hero.But Kyle fast learns that becoming a Hero is way more difficult than it seems in the stories...ULTRA: The Last Hero is a gripping, fast-paced superhero/urban fantasy story, and the first in a series. With loveable characters, nail-biting action and adventure, and thrilling twists and turns, ULTRA is sure to delight all fans of the genre.

A short but perfectly formed complete Discworld novel, fully illustrated in lavish colour throughout, THE LAST HERO is an essential part of any Discworld collection. It stars the legendary Cohen the Barbarian, a legend in his own lifetime. Cohen can remember when a hero didn't have to worry about fences and lawyers and civilisation, and when people didn't tell you off for killing dragons. But he can't always remember, these days, where he put his teeth... So now, with his ancient sword and his new walking stick and his old friends - and they're very old friends - Cohen the Barbarian is going on one final quest. He's going to climb the highest mountain in the Discworld and meet his gods. The last hero in the world is going to return what the first hero stole. With a vengeance. That'll mean the end of the world, if no one stops him in time.

Kane Andrews is just another one of the billions of people on Earth who watch as Richter, the world's first superhuman, goes

on a rampage. All the world's military cannot stop him, no matter what they throw his way. Until, with the whole world watching, Kane surprises himself by flying up to catch someone the supervillain has thrown off a building. The second superhuman is born. With no idea of the extent or magnitude of his powers, Kane has a long way to go before becoming the first superhero. He must stay one step ahead of both Richter and the rest of the world while he figures out how to take down his nemesis. Time is running out though, and Richter will do whatever it takes to make sure he's Earth's only superhuman.

With the entire world against him, can Omni fight back or will he fall? Connor Connolly's gambit to defeat Alpha Team worked, but not without significant cost. Those who helped him now find themselves without powers and Bay View City is worse off than ever. Midnight stopped answering his calls and no one has seen Iris in weeks. Connor's metabands may also finally be damaged beyond repair. Even an attempt to stop a nuclear meltdown blows up in his face and turns many throughout the world against him. Meanwhile, life back at the academy isn't going much better. Now that Sarah knows the full truth about Omni she feels betrayed. She's spending time with a mysterious student who has ties to Kaldonia, the hermit kingdom that's banned all metahumans. With the training facility on its last legs, Michelle gives Connor an ultimatum: stop using your metabands or leave the academy. But when he tags along on a surprise field trip to Kaldonia he discovers a secret technology that could impact metahumans worldwide forever. Will these revelations help Connor, or ultimately destroy him? Omni's Fall is the long-awaited fourth book in the breakout hit Meta series. Omni's Fall follows Meta, The Second Wave, and Rise of The Circle.

This eBook set brings together the first three volumes in the wildly popular Heroes of Olympus series: The Lost Hero, The Son of Neptune, and The Mark of Athena. Longtime fans will want this collection and so will new readers just diving into the series.

Chronicles the baseball star's on-field achievements and explains how the dignity and determination with which Aaron stood against racism helped transform the role and significance of the professional black athlete and turn Aaron into a national icon.

The gripping second installment in Matt Blake's hit The Last Hero series. Kyle Peters' life is pretty perfect right now. Six months have passed since the showdown with Nycto, and Kyle is settling into a normal life as a seventeen-year-old. He has a girlfriend. He has some awesome friends. And he has a bunch of superpowers, too. The ability to fly, to teleport, and to fire ice from his hands. Life is good as the last ULTRA in existence. But when a series of devastating attacks stun the world, Kyle soon learns that he isn't alone: there are other ULTRAs out there, with abilities just like his. Only these ULTRAs don't seem too keen on maintaining world peace. These ULTRAs are hellbent on destruction. And matters are made even more terrifying by the government's introduction of their new program: the ULTRAbots. Machines with the abilities of ULTRAs, but completely controllable by humans. Designed for one purpose: to hunt down every last ULTRA in existence. Now, with the ULTRAbots hunting him down and the rival ULTRAs growing even more destructive, Kyle Peters must embrace his Glacies identity once again if he wants to protect the lives of those he loves, and the lives of everyone on the planet. Rise of the ULTRAs is the second book in Matt Blake's The Last Hero superhero/urban fantasy series. With lovable characters, nail-biting action and adventure, and thrilling twists and turns, The Last Hero is sure to delight all fans of the genre.

A group biography of seven enduring and beloved games, and the story of why—and how—we play them. Checkers, backgammon, chess, and Go. Poker, Scrabble, and bridge. These seven games, ancient and modern, fascinate millions of people worldwide. In *Seven Games*, Oliver Roeder charts their origins and historical importance, the delightful arcana of their rules, and the ways their design makes them pleasurable. Roeder introduces thrilling competitors, such as evangelical minister Marion Tinsley, who across forty years lost only three games of checkers; Shusai, the Master, the last Go champion of imperial Japan, defending tradition against “modern rationalism”; and an IBM engineer who created a backgammon program so capable at self-learning that NASA used it on the space shuttle. He delves into the history and lore of each game: backgammon boards in ancient Egypt, the Indian origins of chess, how certain shells from a particular beach in Japan make the finest white Go stones. Beyond the cultural and personal stories, Roeder explores why games, seemingly trivial pastimes, speak so deeply to the human soul. He introduces an early philosopher of games, the aptly named Bernard Suits, and visits an Oxford cosmologist who has perfected a computer that can effectively play bridge, a game as complicated as human language itself. Throughout, Roeder tells the compelling story of how humans, pursuing scientific glory and competitive advantage, have invented AI programs better than any human player, and what that means for the games—and for us. Funny, fascinating, and profound, *Seven Games* is a story of obsession, psychology, history, and how play makes us human.

The thrilling fifth book in Matt Blake's hit The Last Hero series. Kyle Peters is living a normal life again. After saving the world from a string of ruthless enemies, Kyle is adjusting to a life where he doesn't have to be the hero anymore. Glacies' services are no longer required. He is a normal teenager, all over again. But all that changes when Kyle learns of a devastating new threat: a Failsafe, designed alongside the very first ULTRAs as an off-switch in case of emergency. Its power? The ability to destroy every single ULTRA on the planet. And that Failsafe has just fallen into terrifying hands. Now, with the Failsafe in the open and a whole host of villains hunting it down in an epic race for power, Kyle must step up as a superhero once again if he is to save the lives of the people he loves, and rescue his entire species from extinction. And it wouldn't be an ULTRA story if there wasn't an epic twist or two along the way...Era of the ULTRAs is the fifth book in Matt Blake's The Last Hero superhero/urban fantasy series. With lovable characters, nail-biting action and adventure, and thrilling twists and turns, The Last Hero is sure to delight all fans of the genre.
