Jeannette Ng ' s debut novel Under the Pendulum Sun starts like many good fairy stories do: with a journey. In the mid-19 th century, Catherine Helstone spends six weeks on a ship off the north English coast trying to get well and truly lost, for this is the only way to find the Faelands of Acadia. She ' s trying to reach her brother Laon, a missionary for the Anglican church, who went to Acadia to replace Reverend Roche, the first missionary to the fae, who died under mysterious circumstances.

Bored with their work, three Milanese editors cook up "the Plan," a hoax that connects the medieval Knights Templar with other occult groups from ancient to modern times. This produces a map indicating the geographical point from which all the powers of the earth can be controlled—a point located in Paris, France, at Foucault ' s Pendulum. But in a fateful turn the joke becomes all too real, and when occult groups, including Satanists, get wind of the Plan, they go so far as to kill one of the editors in their quest to gain control of the earth. Orchestrating these and other diverse characters into his multilayered semiotic adventure, Eco has created a superb cerebral entertainment.

Politics, manners, humor, sexuality, wealth, even our definitions of success are periodically renegotiated based on the new values society chooses to use as a lens to judge what is acceptable. Are these new values randomly chosen or is there a pattern? Pendulum chronicles the stuttering history of western society; that endless back-and-forth swing between one excess and another, always reminded of what we left behind. There is a pattern and it is 40 years: 2003 was a fulcrum year, as was 1963, its opposite. Pendulum explains where we have been as a society, how we got here, and where we are headed. If you would benefit from a peek into the future, you would do well to read this book.

“ A gritty, medieval fantasy full of enchantment ” (Publishers Weekly), David Keck's epic Tales of Durand trilogy concludes with A King in Cobwebs Once a landless second son, Durand has sold his sword to both vicious and noble men and been party to appalling acts of murder as well as self-sacrificing heroism. Now the champion of the Duke of Gireth, Durand ' s past has caught up with him. The land is at the mercy of a paranoid king who has become unfit to rule. As rebellion sparks in a conquered duchy, the final bond holding back the Banished break, unleashing their nightmarish evil on the innocents of the kingdom. In his final battle against the Banished, Durand comes face to face with the whispering darkness responsible for it all—the king in cobwebs.

The sole survivor on a desperate, last-chance mission to save both humanity and the earth, Ryland Grace is hurtled into the depths of space when he must conquer an extinction-level threat to our species.

Award-winning author Guy Gavriel Kay evokes the dazzling Tang Dynasty of 8th-century China in an masterful story of honor and power. It begins simply. Shen Tai, son of an illustrious general serving the Emperor of Kitai, has spent two years honoring the memory of his late father by burying the bones of the dead from both armies at the site of one of his father's last great battles. In recognition of his labors and his filial piety, an unlikely source has sent him a dangerous gift: 250 Sardinian horses. You give a man one of the famed Sardinian horses to reward him greatly. You give him four or five to exalt him above his fellows, propel him towards rank, and earn him jealousy, possibly mortal jealousy. Two hundred and fifty is an unthinkable gift, a gift to overwhelm an emperor. Wisely, the gift comes with the stipulation that Tai must claim the horses in person. Otherwise he would probably be dead already...

A globetrotting, time-bending, wildly entertaining masterpiece hailed by the New York Times Book Review as "Audaciously well written...the book I was raving about to my friends before I'd even finished it." Publishers Weekly raved that "with near-universal appeal . . . Seay ' s debut novel is a true delight, a big, beautiful cabinet of wonders that is by turns an ominous modern thriller, a supernatural mystery, and an enchanting historical adventure story." Set in three cities in three eras, The Mirror Thief calls to mind David Mitchell and Umberto Eco in its mix of entertainment and literary bravado. The core story is set in Venice in the sixteenth century, when the famed makers of Venetian glass were perfecting one of the old world's most wondrous inventions: the mirror. An object of glittering yet fearful fascination—was it reflecting simple reality, or something more spiritually revealing?—the Venetian mirrors were state of the art technology, and subject to industrial espionage by desirous sultans and royals world-wide. But for any of the development team to leave the island was a crime punishable by death. One man, however—a world-weary war hero with nothing to lose—has a scheme he thinks will allow him to outwit the city's terrifying enforcers of the edict, the ominous Council of Ten . . . Meanwhile, in two other Venices—Venice Beach, California, circa 1958, and the Venice casino in Las Vegas, circa today—two other schemers launch similarly dangerous plans to get away with a secret . . . All three stories will weave together into a spell-binding tour-de-force that is impossible to put down—an old-fashioned, stay-up-all-night novel that, in the end, returns the reader to a stunning conclusion in the original Venice . . . and the bedazzled sense of having read a truly original and thrilling work of art.
