getAbstract Summary:
Get the key points

from this book in less than 10 minutes. Do you want to take control of your life, abolish your limitations and achieve your most elusive goals?

Anthony Robbins teaches you how to do just that. You'll learn how your brain processes information and how to

Download Free Unlimited

manipulate that New
process to your
advantage. You'll
explore the science of
"Neuro-Linguistic
Programming" (NLP),
the study of human
neurology, so you can
analyze and duplicate
your successes.
Robbins uses NLP
extensively, although
many experts debunk
it. He explains that

Download Free Unlimited

the best path to success is to find an accomplished person, discover his or her strategies for becoming successful, and duplicate that process. He also weighs in on how to keep your weight down, communicate and eliminate bad habits. By the way, he cautions against

Download Free Unlimited

skimming this book to separate the self-help wheat from the chaff. Instead, he encourages you to read every page and perform every exercise. This is not easy because he explains each concept at least two or three ways. However, Robbins has a big following and is

Download Free Unlimited

clearly onto
something;
getAbstract thinks
you might want to
find out just what.

This book is a good
place to start if you
seek a personal
achievement
makeover. Book

ABOUT THE

ORIGINAL BOOK: In
his book, Anthony
Robbins presents his
basic theory of the
power of attitude and
individual thought.

The theory that states
that the essential

Problem of people is not in the circumstances that they live with, but in the vital attitude which they assume.

"Life will pay any price you ask," says the author, but then clarifies that it is necessary to give our best in any activity that we engage in.

The quest for success

is to know exactly
what one aspires to
achieve and then
moving on with the
action plan that
allows that desire to
be fulfilled.

"Unlimited Power"
