Gunslinging, chain smoking, Stetson-wearing Taoist psychopomp, Elouise "Lou" Merriwether might not be a normal 19-year-old, but she's too busy keeping San Francisco safe from ghosts, shades, and geung si to care much about that. It's an important job, though most folks consider it downright spooky. Some have even accused Lou of being more comfortable with the dead than the living, and, well... they're not wrong. When Lou hears that a bunch of Chinatown boys have gone missing somewhere deep in the Colorado Rockies she decides to saddle up and head into the wilderness to investigate. Lou fears her particular talents make her better suited to help placate their spirits than ensure they get home alive, but it's the right thing to do, and she's the only one willing to do it. On the road to a mysterious sanatorium known as Fountain of Youth, Lou will encounter bears, desperate men, a very undead villain, and even stranger challenges. Lou will need every one of her talents and a whole lot of luck to make it home alive... Like a latter-day Palm Springs, Vermillion Sands is a fully automated desert resort designed to fulfill the most exotic whims of the idle rich. Some nights, Corcoran O' Connor dreams his father's death. William Kent Krueger's gripping tale of suspense begins with a recurring nightmare, a gun, and a wound in the earth so deep and horrific that it has a name: Vermilion Drift. When the Department of Energy puts an underground iron mine on its short list of potential sites for storage of nuclear waste, a barrage of protest erupts in Tamarack County, Minnesota, and Cork is hired as a security consultant. Deep in the mine during his first day on the job, Cork stumbles across a secret room that contains the remains of six murder victims. Five appear to be nearly half a century old—connected to what the media once dubbed "The Vanishings," a series of unsolved disappearances in the summer of 1964, when Cork's father was sheriff in Tamarack County. But the sixth has been dead less than a week. What's worse, two of the bodies—including the most recent victim—were killed using Cork's own gun, one handed down to him from his father. As Cork searches for answers, he must dig into his own past and that of his father, a well-respected man who harbored a ghastly truth. Time is running out, however. New threats surface, and unless Cork can unravel the tangled thread of clues quickly, more death is sure to come. Vermilion Drift is a powerful novel, filled with all the mystery and suspense for which Krueger has won so many awards. A poignant portrayal of the complexities of family life, it's also a sobering reminder that even those closest to our hearts can house the darkest—and deadliest—of secrets.

Two misfit sleuths search for a street hustler's killer in this mystery series debut first published in 1980 and set in Boston's gay scene. Daniel Valentine is a gay bartender and former social worker. Clarisse Lovelace is his straight pal who works in real estate. They make an unconventional investigative duo—but sometimes unconventional is exactly what's called for. When Billy Golacinsky, a teenage street hustler, is found dead on the lawn of a homophobic lawmaker, everyone wants the case swept under the rug. Everyone except Valentine and Lovelace. Now they're combing through Boston's gay scene—from bars to bath houses—in a time before AIDS, yet full of other dangers.

Today it is still common to hear Cajun French spoken on the streets of its villages, towns, and hamlets. Vermilion Parish people are a lively multicultural blend marinated in history and infused with a unique joie de vivre.
