Water Music Tc Boyle

Set in 1795, *Water Music* is the rambunctious account of two men's wild adventures through the gutters of London and the Scottish Highlands to their unlikely meeting in darkest Africa. Boyle's other works include *The Tortilla Curtain*.

Water Music Tc Boyle

Mungo Park, based on a real-life African explorer, and *Ned Rise*, a scoundrel, pimp, thief, and cheat, travel about Africa and meet up with a varied assortment of characters--native and colonial, antic and dangerous.

An "irresistible" (Los Angeles Times) novel about the adventures of three men growing marijuana in Northern California All Felix Nasmyth and friends have to do is harvest a crop of Cannabis Sativa and half a million tax-free dollars will be theirs. But they haven't reckoned on nosy Northern California-style neighbors, torrential rain, demands of the flesh, and Felix's improbable new love, a wayward sculptress on whose behalf he undertakes a one-man vendetta against a drug-busting state trooper named Jerpbak. As their deal escalates through crises into nightmare, their dreams of easy money get nipped in the bud.

This extraordinary love story, based on historical characters and written with Boyle's customary brilliance and wit, follows the lives of two scarred creatures living in a magical age. It is the turn of the century. Stanley McCormick, the twenty-nine-year-old heir to the great Reaper fortune, meets and marries Katherine Dexter, a woman of 'power, beauty, wealth and prestige'. Two years later, Stanley falls victim to a tormenting sexual mania and schizophrenia, and is imprisoned in the massive forbidding mansion known as Riven Rock. He spends the next two decades under the control of a succession of psychiatrists, all of whom forbid any contact with women. Yet Katherine Dexter, now famous as a champion for women's suffrage and Planned Parenthood, remains strong in her belief that someday her husband will return to her whole. Based on a true story of love, madness and sexuality this is a tragic book with enormous depth and scope. Set in America at the turn of the century, it is full of fascinating historical detail.

It is 1970, and a down-at-the-heels California commune devoted to peace, free love, and the simple life has decided to relocate to the last frontier—the unforgiving landscape of interior Alaska—in the ultimate expression of going back to the land. Armed with the spirit of adventure and naïve optimism, the inhabitants of “Drop City” arrive in the wilderness of Alaska only to find their utopia already populated by other young homesteaders. When the two communities collide, unexpected friendships and dangerous enmities are born as everyone struggles with the bare essentials of life: love, nourishment, and a roof over one’s head. Rich, allusive, and unsentimental, T.C. Boyle’s ninth novel is a tour de force infused with the lyricism and take-no-prisoners storytelling for which he is justly famous.

It's 2025. Tyrone O'Shaughnessy Tierwater is eking out a bleak living in southern California, managing a pop-star's private menagerie, holding some of the last surviving animals in the world. Global warming is a reality. In his youth, Ty had been so serious about environmental issues that as an ecoterrorist committed to Earth Forever! he had endangered the lives of both his daughter, Sierra, and his wife, Andrea. Now, when the past seems far behind him and he is just trying to survive in a world cursed by storm and drought, Andrea returns to his life . . . Frightening, funny, surreal and gripping, in A FRIEND OF THE EARTH T.C. Boyle gives us a story that is both a modern morality tale, and a provocative vision of the future.

'How can you talk about being civil when innocent animals are being tortured to death? Civil? I'll be civil when the killing's done.' The island of Anacapa, off the coast of California, is overrun with black rats which are threatening the ancient population of ground-nesting birds. Alma Boyd Takesue of the National Park Service is the spokesperson for a campaign to exterminate these man-introduced rodents once and for all. Alma, highly self-disciplined with a stubborn streak, speaks as a conservationist, though the fact that her grandmother was once stranded on Anacapa for three weeks with nothing but thousands of crawling rats for company might explain some of her zeal. With days to go before the aerial rat-poisoning, Alma's plan is in danger of sabotage. Dave LaJoy and Anise Reed, a pair of notorious environmental activists, are recognisable from a distance by his knotted dreadlocks and her flame-red cyclone of hair. Dave is an electronics salesman with barely-controlled rages, for whom the plight of the rats is yet another of life's many injustices, along with lazy tramps and second-rate wine. Anise is a struggling folk singer with her own, terrible reasons for getting involved in 'the cause'. From the outset, Alma, Dave and Anise are at ideological loggerheads. But when Alma's sights turn to the infestation of non-native pigs on Santa Cruz - where Anise was brought up by her single mother and a clan of ranchers - the stakes are raised, and the debate threatens to boil over into something much more real... When the Killing's Done is T.C. Boyle's blistering new novel, a sweeping epic of family, ecology and the right to life - no matter what the fallout.

Will Lightbody is a man with a stomach ailment whose only sin is loving his wife, Eleanor, too much. Eleanor is a health nut of the first stripe, and when in 1907 she journeys to Dr. John Harvey Kellogg's infamous Battle Creek Spa to live out the vegetarian ethos, poor Will goes too. So begins T. Coraghessan Boyle's wickedly comic look at turn-of-the-century fanatics in search of the magic pill to prolong their lives--or the profit to be had from manufacturing it. Brimming with a Dickensian cast of characters and laced with wildly wonderful plot twists, Jane Smiley in the New York Times Book Review called *The Road to Wellville* "A marvel, enjoyable from beginning to end."

Mythic and realistic, farcical and tragic, *The Washington Post Book World* says these masterful stories mark T. Coraghessan Boyle's development from "a prodigy's audacity to something that packs even more of a wallop: mature artistry." They cover everything, from a terrifying encounter between a bunch of suburban adolescents and a murderous, drug-dealing biker, to a touching though doomed love affair between Eisenhower and Nina Khrushchev.
