Unstoppable is a word defined as "difficult or impossible to preclude or stop." As a human quality, it is something that we associate with people such as sports superstars, those who do whatever it takes to inspire others and lead teams to the greatest of victories. Sometimes, an idea or person can become unstoppable. Unstoppable, like Charles Lindbergh crossing the Atlantic in a solo flight when no one had thought it was possible, or track star Roger Bannister breaking the four-minute mile barrier. Not everyone can be an explorer or a great athlete, but anyone can be unstoppable in their chosen endeavors in life. If you are willing to possess an unwavering determination to succeed and a consistent willingness to learn and evolve, you can become unstoppable and triumph too. This book is about a personal struggle, one in which the author awoke from a coma after a terrible accident and faced a life of permanent paralysis. A long battle of driven determination resulted in Yanni Raz regaining his health and becoming a self-made millionaire after migrating from his native Israel to the United States. Through careers as a musician, a Starbucks barista, a salesman, a real estate whiz, a professional poker player and a hard money lender, Yanni learned reliable principles and the skills necessary for success. Unstoppable covers many topics including controlling your life, making the best decisions, creating new opportunities, properly assessing signals, expertly negotiating, and succeeding by storytelling across the media landscape. You'll learn about integrity in business, asset diversification, and many other life tips that thousands of people learn from Yanni on a daily basis. It is time to become fearless and lead a powerful life. With Yanni's new book Unstoppable, you can do just that.

The 1810 French invasion of Portugal, commanded by the veteran marshal André Masséna, who was known to Napoleon as the 'Spoilt Child of Victory' has been well covered by historians. Conversely, the shock revelation of the presence of the Lines of Torres Vedras baring the French Army of Portugal's way to their objective of Lisbon, and numerous combats through to the Battle of Funes de Oñoro, has been frequently and unjustifiably glossed over. This book, starting with the occupation of the Lines of Torres Vedras, which were at the heart of Wellington's Peninsular strategy from October 1809-1812, is the story of Wellington's pursuit of Masséna back to Spain. This was a time when the Peninsular Army was still being forged and Wellington was refining his own art of war. In addition, 1810-1811 was a period when the outcome of the struggle in Iberia was still far from certain, and Wellington could not manoeuvre with the same confidence in the outcome as he could in future years. The series of combats fought at Pombal, Redhina, Foz da Arounce and Sabugal while Masséna was at bay, though not categorised as 'general actions', were of the same scale and significance as those of 1808; Roliça and Vimiero. The general action at Funes de Oñoro was one of the most significant of Wellington's victories, but he confessed that 'If Bony had been here we would have been beat'.
