In *Purifying the Land of the Pure*, Farahnaz Ispahani analyzes Pakistan's policies towards its religious minority populations, both Muslim and non-Muslim, since independence in 1947.

From assassinations to student riots, this is "a splendidly evocative account of a historic year—a year of tumult, of trauma, and of tragedy" (Arthur Schlesinger Jr.). In the United States, the 1960s were a period of unprecedented change and upheaval—but the year 1968 in particular stands out as a dramatic turning point. Americans witnessed the Tet offensive in Vietnam; the shocking assassinations of Martin Luther King Jr. and Robert Kennedy; and the chaos at the Democratic National Convention in Chicago. At the same time, a young generation was questioning authority like never before—and popular culture, especially music, was being revolutionized. Largely based on unpublished interviews and documents—including in-depth conversations with Eugene McCarthy and Bob Dylan, among many

others, and the late Theodore White's archives, to which the author had sole access—1968 in America is a fascinating social history, and the definitive study of a year when nothing could be taken for granted. Kaiser aims to convey not only what happened during the period but what it felt like at the time. Affecting touches bring back powerful memories, including strong accounts of the impact of the Tet offensive and of the frenzy aroused by Bobby Kennedy's race for the presidency. —The New York Times Book Review

Support for people suffering from alopecia, a condition that causes hair loss

"Sloane Jacobsen is the most powerful trend forecaster in the world ... and global fashion, lifestyle, and tech companies pay to hear her opinions about the future. Her recent forecasts on the family are unwavering: the world is overpopulated, and with unemployment, college costs, and food prices all on the rise, having children is an extravagant indulgence. So it's no surprise when the tech giant Mammoth hires Sloane to lead their groundbreaking annual conference, celebrating the voluntarily childless. But not far into her contract, Sloane begins to sense the undeniable signs of a movement against electronics that will see people embracing compassion, empathy, and 'in-personism' again"--

This book analyzes the changing dynamics of competition and the emergence of deglobalization trends and processes. The authors begin by explaining the role of technology on globalization and its impact on competitive strategy. Then, they present a theoretical framework that outlines the connection between globalization and modern society. The book also delves into the shift toward deglobalization and addresses how the onset of the COVID-10 pandemic has accelerated the process. Concluding with a

discussion of how the 4th Industrial Revolution has resulted in new paradigms for business, this book will fill a gap through its investigation of an emerging concept for scholars in international business.

A timeless, "triumphant" (Entertainment Weekly) story of healing and recovery from the victim of a crime that shocked the nation: the Central Park Jogger. Shortly after 9:00 p.m. on April 19, 1989, a young woman jogs alone near 102nd Street in New York City's Central Park. She is attacked, raped, savagely beaten, and left for dead. Hours later she arrives at the emergency room—comatose—she has lost so much blood that her doctors believe it's a miracle she's still alive. Meet Trisha Meili, the Central Park Jogger. *I Am the Central Park Jogger* recounts the mesmerizing, inspiring, often wrenching story of human strength and transcendent recovery. Called "Hero of the Month" by Glamour magazine, Meili tells us who she was before the attack—a young Wall Street professional with a promising future—and who she has become: a woman who learned how to read, write, walk, talk, and love again...and turn horrifying violence and certain death into extraordinary healing and victorious life. With "moments of unexpected grace and insights into life's challenges". Meili's story—the story the public never knew—is unforgettable" (The Buffalo News).

*Pub Dogs of London* is a beautiful, charming coffee-table book of photographic portraits of the many and varied canine regulars of London's inimitable public houses. With a range of famous breeds as well as the expected scruffy mongrels, and with biographical profiles of each pub-visiting pooch, this is the must-have record of the capital's world-famous demi-monde. The book also includes some occasional humorous verse inspired by the images from poet Graham Fulton.

Revisits the largely forgotten story of how the McGovern campaign represented the zenith of sixties-style liberalism, and how its historic defeat still haunts Democrats to this day--and in the process identifies what Democrats must do before they can reassume their role as agents of progressive change.

Today's market for mobile apps goes beyond the iPhone to include BlackBerry, Nokia, Windows Phone, and smartphones powered by Android, webOS, and other platforms. If you're an experienced web developer, this book shows you how to build a standard app core that you can extend to work with specific devices. You'll learn the particulars and pitfalls of building mobile apps with HTML, CSS, and other standard web tools. You'll also explore platform variations, finicky mobile browsers, Ajax design patterns for mobile, and much more. Before you know it, you'll be able to create mashups using Web 2.0 APIs in apps for the App Store, App World, OVI Store, Android Market, and other online retailers. Learn how to use your existing web skills to move into mobile development Discover key differences in mobile app design and navigation, including touch devices Use HTML, CSS, JavaScript, and Ajax to create effective user interfaces in the mobile environment Learn about technologies such as HTML5, XHTML MP, and WebKit extensions Understand variations of platforms such as Symbian, BlackBerry, webOS, Bada, Android, and iOS for iPhone and iPad Bypass the browser to create offline apps and widgets using web technologies

When the woman with whom he shared an unforgettable night is kidnapped by a rival clan leader intent on forcing her into marriage, Norris Sutherland rescues heiress Daphne MacLeod, only to face opposition to his plan to marry her.
