the indicative conjugations, or present tense for Spanish verbs to make it easy for learners of all skill levels. All three infinitive forms, -ar, -er, and -ir have their own page, as do irregular and stem-changing verbs. Since practice makes perfect, there are two worksheets included. One worksheet reviews the conjugation of regular verbs, while the second is for practicing with stem-changing and irregular verbs. Answers to the worksheets are provided as well.

The shortest route to mastering verb conjugations One of the greatest challenges in learning a language is mastering verb conjugations. The books in the unique Language Verb Drill series make it easier than ever for learners to meet that challenge. Drilling, whether it's for learning a musical instrument, a sport, or a language, is an essential part of a sound education because repeated, concentrated practice makes specialized skills become second nature. Unlike most verb books, which tend to concentrate on tables of conjugations, the books in the Language Verb Drills series allow students to focus exclusively on building mastery of verbs without being distracted by other elements of grammar. Combining the features of a workbook and reference manual, they clearly and systematically explain how a verb system works while providing numerous drills for practice. These revised editions of the popular study guides now include a final review section to reinforce the reader's ability to automatically select the correct verb

Linguistics for L2 Teachers is designed to help bilingual and ESL teachers better understand how and why the English language works, and to broaden their abilities to help their students learn about the various functions of English in the real world. It is not a complete curriculum in English linguistics, but rather, a foundation from which teachers can continue to grow and to teach with greater confidence. The reader-friendly, conversational style makes the concepts easily accessible to preservice and in-service teachers who have little or no previous experience in language study. This textbook: \* explains various aspects of English using non-technical terminology; \* goes beyond the study of grammar to examine the functions of language, not just its form; \* presents language applications in L2 classrooms; and \* clearly delineates the significance of chapter topics for L2 teachers and students. Each chapter includes prereading activities to enhance the reader's comprehension; postreading activities to expand and elaborate the concepts; and interactive "Be A Linguist" activities to help readers think in ways similar to the ways linguists think and to provide opportunities to apply ideas explained within the chapter. Intended for all teachers of students for whom English is a new language, this text will help them be better prepared to meet the important challenges and questions they encounter in their classrooms.

that require the rote memorization of hundreds of verb forms, this book clearly explains the rules that govern the conjugation of all classes of Spanish verbs—especially the irregular ones that give second-language learners the most trouble. These simple, easy-to-understand rules for conjugating Spanish verbs are effective learning tools for both beginning students and more advanced speakers who want to perfect their usage of Spanish verb forms. Spanish Verbs Made Simple(r) has many helpful features that you won't find in any other verb guide: Clear explanations of all verb tenses and forms. The simple rules that govern the conjugation of all verbs—including the 90% of irregular verbs whose irregularities are entirely predictable. A detailed discussion of how each verb form is used, with numerous examples. A full explanation of the distinction between ser and estar—the single most confusing element in the Spanish verbal system. An extended treatment of the subjunctive that will help you understand why it is used in some situations but not others. Conjugations for 35 model Spanish verbs and a comprehensive listing of 4,800 verbs that indicates which of the models each verb follows. Going well beyond any other guide in the clarity and detail of its explanations—as well as the innovative manner in which individual verbs are linked to model conjugations—Spanish Verbs Made Simple(r) is the only guide to Spanish verbs a learner needs.
