A riveting account of how the Nazi Party came to power and how the failures of the Weimar Republic and the shortsightedness of German

Acces PDF Ytime The Post Rise Of The Oisseur

politicians allowed it to happen. Why did democracy fall apart so quickly and completely in Germany in the 1930s? How did a democratic government allow Adolf Hitler to seize power? In *The Death of Democracy*, Benjamin Carter Hett answers these questions, and the story he tells has disturbing resonances for our own time. To say that Hitler was elected is too simple. He would never have come to power if Germany ' s leading politicians had not responded to a spate of populist insurgencies by trying to co-opt him, a strategy that backed them into a corner from which the only way out was to bring the Nazis in. Hett lays bare the misguided confidence of conservative politicians who believed that Hitler and his followers would willingly support them, not recognizing that their efforts to use the Nazis actually played into Hitler ' s hands. They had willingly given him the tools to turn Germany into a vicious dictatorship. Benjamin Carter Hett is a leading

scholar of twentieth-century Germany and a gifted storyteller whose portraits of these feckless politicians show how fragile democracy can be when those in power do not respect it. He offers a powerful lesson for today, when democracy once again finds itself embattled and the siren song of strongmen sounds ever louder.

An insider ' s account of how politicians representing a radical white minority of Americans have used “ the world ' s greatest deliberative body ” to hijack our democracy. Every major decision governing our diverse, majority-female, and increasingly liberal country bears the stamp of the United States Senate, an institution controlled by people who are almost exclusively white, overwhelmingly male, and disproportionately conservative. Although they do not represent a majority of Americans—and will not for the foreseeable

future—today ’ s Republican senators possess the power to block most legislation. Once known as “ the world ’ s greatest deliberative body, ” the Senate has become one of the greatest threats to our democracy. How did this happen? In Kill Switch, Senate insider Adam Jentleson contends that far from reflecting the Framers ’ vision, the Senate has been transformed over the decades by a tenacious minority of white conservatives. From John Calhoun in the mid-1800s to Mitch McConnell in the 2010s, their primary weapon has been the filibuster, or the requirement that most legislation secure the support of a supermajority of senators. Yet, as Jentleson reveals, the filibuster was not a feature of the original Senate and, in allowing a determined minority to gridlock the federal government, runs utterly counter to the Framers ’ intent. For much of its history, the filibuster was used primarily to prevent civil rights legislation from becoming law. But

Acces PDF Ytime The Post Rise Of The Oisseur

more recently, Republicans have refined it into a tool for imposing their will on all issues, wielding it to thwart an increasingly progressive American majority represented by Barack Obama ' s agenda and appointees. Under Donald Trump, McConnell merged the filibuster with rigid leadership structures initially forged by Lyndon Johnson, in the process surrendering the Senate ' s independence and centrality, as infamously shown by its acquiescence in Trump ' s impeachment trial. The result is a failed institution and a crippled democracy. Taking us into the Capitol Hill backrooms where the institution ' s decline is most evident, Jentleson shows that many of the greatest challenges of our era—partisan polarization, dark money, a media culture built on manufactured outrage—converge within the Senate. Even as he charts the larger forces that have shaped the institution where he served, Jentleson offers incisive portraits of the powerful senators who laid the

Acces PDF Ytime The Post Rise Of The Oisseur

foundation for the modern Senate, from Calhoun to McConnell to LBJ ' s mentor, Richard Russell, to the unapologetic racist Jesse Helms. An essential, revelatory investigation, Kill Switch ultimately makes clear that unless we immediately and drastically reform the Senate ' s rules and practices—starting with reforming the filibuster—we face the prospect of permanent minority rule in America.
